## history

Dhondup Lobsang was the son of aristocratic parents who was sent off to a Yellow Hat monastery. He excelled at logic and scholarship. His logical skills came to the attention of the abbot, and he was assigned to a tulku verification team. On a journey in Eastern Tibet, Dhondup became separated from his group, and now he is making his way alone back to his monastery in Central Tibet.

## personality

Dhondup is logical, skeptical and wise.

## motivations

Dhondup has been given the job of helping to verify children who may be Tulkus (reincarnated monastic abbots who, if verified, would gain control of their old monasteries).

## methods

Of his Tulku verification team, Dhondup is the skeptic, able to root out lies and inconsistencies by use of logic.
